

Be a Guiding Light for Erimus Housing

We are committed to involving tenants and leaseholders in decision making and using your views and expectations to shape service delivery.

That's why we are recruiting tenant led regulators to ensure we are moving in the right direction.

What is tenant regulation?

Tenant regulation means tenants (including leaseholders) have a formal, influential role in assessing and influencing the performance, service delivery, plans and priorities for Erimus Housing.

What is involved?

This is a very responsible role. Our tenant led regulators will ensure that Erimus Housing's residents' priorities are recognised and high quality services are delivered.

Why should I be interested?

Tenant led regulators will have direct access to Erimus Housing's corporate management team and will help us improve customer services. You will have access to all the support and information you need to help you make informed judgements.

What will be expected of me?

This is a very responsible role which requires commitment and self motivation. A full training package is in place to ensure you have the skills you need. You will be expected to attend four to six meetings a year and represent the best interests of our residents.

How can I register my interest?
