

It's good to share...

Erimus Housing Service Charges Review

Erimus Housing is currently reviewing the services it can ask you to pay for, such as door entry systems, the cleaning of communal areas and lifts.

You are most likely to be affected by the review if you:

- **Live in a flat with an entrance that you share with other people**
- **Have access to shared common rooms and facilities**
- **Have access to a shared garden area**

We will be visiting your area to explain how this review might affect you and to get your feedback. Meetings will take place from August to December 2009.

Your views are important to us so please look out for your invitation to attend an event and have your say.
