

Your choice of doors

All doors are manufactured to the latest specification available with flush moulded panels and the revolutionary 'permacore' a patented PVC-U edged composite material that completely seals the inner core. This provides maximum protection from the elements, excellent workability and superior aesthetics.

- ✓ High performance
- ✓ Virtually maintenance free
- ✓ Superior thermal insulation in comparison to timber doors
- ✓ Pre-finished thermoplastic facings that will not peel, flake, fade or crack
- ✓ High resistance to warping, bowing or twisting
- ✓ Resistance to knocks and scratches
- ✓ 10 year guarantee
